

Resolution 2017-10-2

A Resolution Directing Reassignment of Vehicle

Whereas the Board of Commissioners has become aware of prolonged suboptimal utilization of response and command vehicle due to exclusive control exercised by the current fire chief; and

Whereas the Board has the responsibility to assure appropriate and efficient use of fire district assets, and

Whereas the Board recognizes that reassignment of the response and command vehicle from the exclusive control of the fire chief to the control of the Board or its responsive designee will promote the appropriate and efficient use of the vehicle, it is hereby

Resolved, that

The Clerk is directed to contact the current fire chief and arrange the prompt return of control of the vehicle to Board by delivery to the Olin Street Firehouse; and

The 1st Assistant and 2nd Assistant fire chiefs shall coordinate to assure the vehicle is used for responding to, and establishing or supporting command functions at dispatched incidents until such time as the Board may promulgate additional guidelines for the use and deployment of the command vehicle.

To the extent prior resolutions or acts of the Board of Commissioners conflict with this Resolution, those prior resolutions and actions are superseded by the Resolution.
