He added that the Midtown Commons Park dedication is October 15<sup>th</sup> and Riverfest was a good time and a good day for Neptune.

Mr. Bishop stated that Riverfest was a tremendous success. A follow-up meeting is scheduled to review the event and make it even better in the future. He attended meetings with MURC, it was clear that there were some misunderstandings and we need to communicate better. He thanked Mr. Houghtaling for his work on this issue. Mr. Bishop concluded by inviting all to attend and support the Mayor's Ball on October 21<sup>st</sup>.

Mayor McMillan expressed his condolences to the family of Jerry Meyer. He stated he also attended the funeral services for John Key who was an Asbury Park football coach who was killed in

#### PUBLIC COMMENTS ON RESOLUTIONS

The Mayor requested public comments regarding resolutions presented on this agenda.

Dorothy Argyros commented on Resolution # 11-424. She questioned whether money was still being poured into the marina or was it making a profit.

Mr. Bascom stated the marina was still breaking even and making some money. He stated the audit would show that the marina was self liquidating.

Mrs. Argyros stated she would like to see some type of report passed out showing the debit and credits.

Mr. Bascom stated it would be available through the Clerk's office. He stated it was in the audit or in the financial statement in the beginning of the year.

Mrs. Argyros commented on Resolution #11-430 and questioned why were they hiring another policeman because every policeman either starts with or ends with over \$100,000.00 a year.

Mr. Bascom stated this was a \$17 an hour Class II Special Police Officer that does not receive a pension or benefits.

Mrs. Argyros went on to state that Neptune was still hiring officers when other towns were laying them off. She stated she objected to the hiring and she wanted to see the need for hiring the officer.

Beverly Fey stated she attended the last Township Meeting and she wanted to discuss Resolution #11-421 regarding the dry winter storage rates. She stated the Harbor Commissioners received an email from Mr. Bascom and there were two points in there that she took great offense to that in it he quotes that we have been repeatedly told that the marina was under cut and they've repeatedly asked for proof a copy of a contract an offer or pricing sheet. She stated those items have been supplied and forwarded to Mr. O'Connor who is the Marina Supervisor. She read off the rates other establishments offered per foot. She also asked if the Township decided not to raise the rate and stay at \$35 per foot what were the funding for some of the proposed improvements.

Mr. Bascom stated to this date he has not seen anything that says that someone charges less than \$34 per foot. He stated he's asked for Jen England and Mr. O'Connor for proof of these rates because it was not consistent with the information they obtained. He also stated to change our rates from \$38 to \$30 would be too large of a negative hit to sustain.

Hank Coakley questioned what was involved with the flood mitigation that was mentioned in Resolution #11-432.

Mr. Bascom stated it would raise the bulk head, place tide flex valves at the end of each of the storm drainage outlets at the end of the river, and storm drainage pipe replacement.

Mr. Coakley then commented on Resolution #11-428 regarding the tax sale certificates. He also stated there was a discrepancy as far as Resolution #11-424.

Mr. Cuttrell explained what took place.
