1. ZBA11/27 Block 403 Lot 44 – 4 Pinewood Drive submitted by David Backman to allow a deck to be constructed at the rear of the property that will extend to a total of 18 feet into thirty foot rear yard setback area, an extension of an additional 3 feet beyond the allowed setback. Variance is requested to accommodate an existing mature oak tree into the deck design, while ensuring the deck structure and footings the least impact to the root system of the tree.

Enclosed; Copy of notice of public hearing along with notice to property owners
 Application listing variance request
 Narrative of request before the board
 Statement verifying taxes current
 Zoning Permit Denial
 Copy of survey of proposal
 Construction drawings
 Ten [10] photos showing the structure from all views

Board notes: Ms. Kowalski Esq for the Board reviewed the notice of publication along with the notice to the homeowners and found them in order the board can proceed with the application.

Mr. Backman gave testimony on his proposal before the board, he currently has 8 ½' side property line which is the reason he is before the board. Mr. Backman testified he wanted to expand the deck yet keep the large existing tree in tact thus this plan before the board.

Mr. Gilligan – you plan to save the tree which is in the middle of the proposed deck? more footing space to assist the tree roots?

Mr. B yes, to keep the roots from being damaged by this design it will allow more deck space. and assist with the footings needed; a two level deck where one will be more of a patio which will not required rails.

Discussion took place on what height was necessary for rails

Additional questions took place from Mr. Dunlap, regarding the deck, if rails were necessary by construction regulations, discussion took place about adding steps it was noted that there is no fence between this property and the neighbor.

Mr. Backman advised the board he maintains the property of the neighbor and will continue to do so.

Discussion took place regarding the area where the footing was proposed.

Mr. Shafai your plans show one deck as 12' and the second 7' why not the same?

Applicant agreed to add rails based on this modification a motion was offered by Mr. James Gilligan to approve the proposal – moved and second by Mr. Thomas Healy

Yes votes – Dunlap, Gilligan, Healy, Sears, Fernicola, Harris, Price- Marshall

Absent from hearing and vote: Bascom, Eichenour, Suarez

Final resolution to allow a deck to be constructed at the rear of the property that will extend a total of 18' into a 30 ft rear yard setback area; Addition extension 3 ft beyond the allowed setback, variance is to accommodate an mature oak tree into the design of the proposed deck, this will allow the deck footings structure a min effect to the tree.

Resolution will be memorialized at the March 7th, hearing

2. ZBA11/28 Block 217 Lot 64 – 269 Fisher Avenue submitted by Peter Bass Esq. applicant is seeking Approval to replace the existing old front porch with a new porch that will violate the side and front yard setback; lot is undersized which is a pre-existing condition.

Enclosed: Application with taxes verified
Zoning Permit Denial 5-25-11
Black & White Photo of dwelling [applicant will submit a new photo at time of hearing]
Copy of survey
Copy of proposed porch replacement
Comments from Construction Official & Zoning Official

Board notes: Ms. Kowalski attorney for the board found the public notice and notice to the homeowners in order the board can proceed with the application:

Mr. Bass had Michelle De Salvo AIA sworn in to testify on the application;
Exhibit A 1 thru A 4 were enter into evidence [color photos of the dwelling from front, left and right side]
Photos are the current condition of the dwelling; Ms. De Salvo prepared the plans before the board,
When the decking was removed on the porch the condition was found to be in serious shape.

Exhibit A1 shows the roof, which will remain, replacement of columns, decking footings and foundation will remain in its exact location.

Exhibit A2 Stairs will remain as it

Exhibit A3 photo shows the side of the dwelling.

Mr. Shafai questioned Mr. Waterman's comment that says "cover on porch roof of survey shows open porch" Mr. Gilligan stated it is an extension of the roof line.

Mr. Healy questioned if all columns will match, lattice will be replaced and new turned rails will be installed as per code/construction regulations.

There was no a public question or comments.

Based on the testimony give a motion was offered by Paul Dunlap to accept the proposal
Moved and second by Thomas Healy

Absent: Bascom, Eichenour, Suarez present but not voting - Johnson

Those who voted yes – Dunlap, Gilligan, Healy, Sears, Fernicola, Johnson, Price-Marshall

Resolution approval the replacement of existing old front porch with a new porch that will violate the side & front yard setback, lot is currently undersized which is a pre-existing condition.
