

Required Documents to Obtain a Demolition Permit

The following must be provided before the permit for demolition can be issued:

(a) service disconnect letters from all utility providers such as water, sewer (732-775-8797), gas, electric (b) if applicable, oil tank (permit required), septic tank and well abandonment. If none, state so (c) copy of “Notification-to-Demolish” letter sent to adjoining property owners (d) written statement or documentation that all asbestos has been removed in accordance with USEPA 40 CFR 61 subpart M. If no asbestos, state so. You must call 1-800-272-1000 before you dig, for utility locations.
