Mayor's Ball Committee, 107 Highland Avenue, Neptune NJ 07753

The 2013 Neptune's Mayor's Ball will mark the 20th anniversary of working for our community and projects that benefit our Town. Through the years this committee has worked tirelessly to create truly successful events. This year in our 20th anniversary a year of great challenges and greater needs, the results of Super Storm Sandy still lingering and affecting so many residents of this Great Town, how can you pick one cause? A decision was made to help this year an organization that has great challenges year round, long before Sandy came to town and affects those who have a great need and compassion from others at this time in their lives.

Mary's Place by the Sea was our choice, located in Historic Ocean Grove and the home to so many for so many in need. A place where women broken and struggling with their battle with cancer can find comfort, love and kindness from those who understand what they are going through. To relax and maybe for a while just forget their troubles as they enjoy the Ocean air, the charm of Historic Ocean Grove and just maybe reach back to a much happier time in their lives. Mary's Place by the Sea provides all these things at no cost and those in need come from all over the country to find this solace, plus oncological massage therapy, spa and salon treatment, nutritious meals, yoga, touch therapy, journal writing, group workshops, individual workshops, individual counseling, prevention lectures and support groups. The rewards offered here to so many at Mary's Place by the Sea are priceless.

So, this year, the year of great challenges please support the Neptune Mayor's Ball where all proceeds go Mary's Place by the Sea, this great organization that does so much to help others in their time of need. Mary's Place is supported solely by contributions, the cause is great and the need is greater. Our goal has no limit, we seek generosity for those that thru no fault of their own are in a very difficult time, where the human spirit is tested to new limits and the comfort and support from others, with the greatest challenges that anyone could face, certainly provides strength at a time when it would be easy to be weak. To help those that help others a great cause. Will you help us?

Sincerely,
Eric Houghtaling
Mayor, Neptune Township

*The sand dollar was chosen to represent this year's Mayor's
Ball and it's beneficiary. This seashell when opened, contains
five pieces looking like doves which represent peace and love.*
