

NEPTUNE TOWNSHIP

TRASH, RECYCLING, STREET SWEEPING CALENDER

2013

Neptune
Township - NJ

Where Community, Business & Tourism Prosper

Eric Houghtaling, Mayor

Vito Gadaleta, Business Administrator

Randy J. Bishop, Committeeman

Mary Beth Jahn, Committeewoman

Kevin B. McMillan, Committeeman

Dr. Michael Brantley, Deputy Mayor

Michael Bascom, Chief Financial Officer

Richard Cuttrel, Municipal Clerk

Wayne Rode, Director of Public Works

Dawn Thompson, Director of Recreation

Department of Public Works, 2201 Heck Avenue, Neptune, New Jersey 07753 Ph : (732) 775-8797 Fax : (732) 775-8951

**PLEASE USE THIS CHART TO DETERMINE YOUR TRASH ZONE,
RECYCLING AREA and STREET SWEEPING SECTION.**

This calendar contains a street index by which you can determine your zone, area and section for Public Works services. Please refer to the following pages and note your location and the zone, area or section assigned thereto, and place that information in the boxes provided below for your convenience.

Automated - Garbage Collection Day
(Blue Garbage cans - Neptune Residents)

Zone - designates ZONE for pick up of
Bulk, Brush, Yard Waste, Metal and
Trash. (Trash is Ocean Grove Residents Only)

Area - designates Area for pick - up of
Recycling.

Section - designates Section for
Street Sweeping schedule.

*Note: the following Ocean Grove Sections 10,11,&12 are
alternate side of road sweeping as per designation in calendar*

Public Works Schedule - Effective May 1, 2012

See following pages to determine your trash zone, your recycling area and your street sweeping section.

OCEAN GROVE RESIDENT TRASH PICKUP ONLY

Monday & Thursday - Zones A & C / Tuesday & Friday - Zones B & D

AUTOMATED COLLECTION – NON-OCEAN GROVE RESIDENTS

Automated blue cans will be collected once a week. Place your blue auto-can out for pickup after 6pm the NIGHT BEFORE your scheduled pickup day. Autocans are for household trash ONLY. NO recycling or bulky items are to be placed in your autocan. All household trash must be IN a Township issued blue autocan. No bagged trash lying next to an autocan will be picked up.

Auto 1: Monday Auto 2: Tuesday Auto 4: Thursday Auto 5: Friday

If your collection day falls on a holiday, your trash will be picked up on WEDNESDAY of that week.

IMPORTANT REMINDER: The automated cart assigned to your address remains the property of the Township of Neptune

BULK & METAL - Picked up once a month during your bulk week as per your Township designated calendar Zones .
PLACE ALL BULK AND METAL OUT SUNDAY NIGHT FOR PICKUP BY WEDNESDAY.

Zone A - 1st*Full week Zone B - 2nd Full week Zone C - 3rd Full week Zone D - 4th Full week

**** The first full week begins on the first dated Monday IN that month.**

THERE IS NO BRUSH PICKUP DURING NOVEMBER AND DECEMBER

BRUSH - Picked up once a month during your brush week as per your Township designated calendar Zones.

Place brush out SUNDAY NIGHT for pickup BY WEDNESDAY.

Zone A - 1st* week Zone B - 2nd week Zone C - 3rd week Zone D - 4th week

Yard Waste - Picked up two (2) times a month as per your designated Zone **NO BAGGED YARD WASTE.**

Yard waste must be place in reusable containers at the curb

Jan 1 to Oct 15 Zones A & C 1st & 3rd weeks Zones B & D 2nd & 4th weeks

Loose leaf pick up via zones in April and May

RECYCLING

Newspaper and Cardboard tied into bundles. Aluminum & tin cans, glass & plastic food and laundry containers placed in pails.

Monday - Area 1 Tuesday - Area 2 Wednesday - Area 3 Thursday - Area 4 Friday - Area 5

All Recycling Pickups disrupted by a holiday will be picked up your next regularly scheduled pickup day

Note – In the event of heavy winds do not place recyclables out for pickup.

Each bundle or container must not exceed 50 lbs total weight.

Important Changes for E - Recycling

Effective March 1, 2012 the Neptune Township Department of Public Works will no longer collect E-Waste curbside.

All Computers, Monitors, Laptops, Portable Computers, Televisions, Servers, Telecomm Equipment, Printers, Stereos, VCRs, DVDs, Cell Phones, Remotes, Etc. (anything with an electrical cord) must be dropped off at the NEPTUNE TOWNSHIP RECYCLING CENTER located at 2201 Heck Avenue, Neptune during the following hours:

Monday – Friday 8am – 7pm Saturday & Sunday 8am – 3pm

TVs & Computer Monitors If the (CRT) picture tube is not smashed and is still intact with all components, it will be accepted for disposal. Scrap parts from dismantled TVs / Monitors, Computers, etc. **are not eligible for the Neptune Township E-Waste Recycling Program.** **NOTE: It is illegal to dismantle E-Waste for parts unless you are a NJDEP permitted Class D Recycling Facility.**

This policy change is taking place to protect our workers and the public from recycling thieves who are breaking into electronic items at the curb, and leaving behind what may be considered a hazardous waste. Please share this important information with your friends and neighbors.

*If you are unable to drop off your e-waste for recycling, you may call
Neptune DPW at 732-775-8797 x602.*

Latex Paint Recycling Drop off site

Homeowners may bring latex paint ONLY (no combustible or flammable oil base paint) to the recycling center. All pint, quart, gallon and 5 gallon latex paint containers will be accepted, provided the factory label denotes the product as latex. Containers must be secure and non-leaking. Leaking paint will be rejected. This program is in co-operation with the Monmouth County household hazardous waste facility.

Spring Loose Leaf Collection in April and May

If you missed the fall collection you have two chances in the spring to have them picked up. Loose leaf pickup is for leaves *only*. Do not mix other debris such as trash, limbs, brush, rocks, sticks, flowers, roots or plants in the leaf pile. Leaves must be separated from brush and are to be in the street (not bags).

Put leaves at the gutter line by Monday for pickup on the same week as your bulk & brush. Spring collection is based on your **brush zone (A, B, C, D)** and will be collected in April and May.

Please remember that leaves are never to be put in bags they are banned from the landfill and the Township could be fined for non-compliance.

Residential Grease Recycling

This new program is offered to Neptune Township residents (no commercial) Neptune Township's Department of Public Works will accept your used cooking oil and grease to be disposed of and recycled.

Contact DPW at 732-775-8797 x604 to arrange for a drop off appointment.

Remember that improper disposal of grease, fat, or cooking oil can cause sewers to back up

Important changes for battery recycling in Monmouth County

For many years The Township of Neptune has worked with Monmouth County to recycle common carbon-zinc and alkaline batteries (i.e., AAA, AA, C, D and 9 volt). This program will end immediately. These batteries should now be disposed with regular household and commercial trash. Why are these changes taking place?

According to Monmouth County officials, when this program began, there were significant levels of toxic metals present in household batteries. Toxic metals have been reduced or eliminated in these common batteries the past ten years. In addition, the cost to recycle or dispose of these batteries continues to increase. Recently, and in response to the Federal Department of Transportation (USDOT) has implemented new transport rules mandating that each battery be individually bagged and / or terminals taped. Therefore, continuation of this household battery recycling program will become prohibitively expensive, at a time when the need for this segregation of these spent batteries has become almost academic.

Neptune will continue to recycle some types of batteries

The Township of Neptune will continue to accept rechargeable batteries and small 'button batteries'.

Rechargeable Batteries: The Township of Neptune will be participating in a program funded by the Rechargeable Battery Recycling Corporation, (www.rbrc.org) who pays for the box, bags, shipping and recycling of the batteries. Residents place a rechargeable battery in a bag, and deposit the bagged battery into the cardboard collection box at the recycling center. Rechargeable batteries can be found in cellular and cordless phones, cordless power tools, laptop computers, PDA's, remote control toys and other cordless products.

Button Cell Batteries (miniature disc/coin sized): Will continue to be collected and shipped to the Monmouth County Hazardous Waste Facility. Button cell batteries can contain up to 25 milligrams of mercury per battery, and are considered a hazardous waste. Button cell batteries can be found in photo equipment, watches, hearing aids, watches and other electronic products.

The Township of Neptune is removing all battery collection containers from all sites with the exception of the Recycling Center. The Neptune Township Recycling Center is located at the westernmost entrance to our **Public Works Facility at 2201 Heck Ave.** The hours of operation are **Monday – Friday 8:00 am – 7:00 pm Saturday & Sunday 8:00am – 3:00 pm.** *Not open on Township holidays.* Neptune Township proof of residency must be presented to the inspector to enter the facility. The Neptune Public Works Department welcomes your questions, comments and suggestions. You can contact the Neptune Public Works Department at **732.775.8797 x604.**

Household Hazardous Waste Monmouth County

This site operates by Appointment ONLY
(732) 683-8686

Hours: 7:30 AM to 11:30 AM; 12:30 PM to 3:30 PM Monday through Friday
7:30 AM to 2:00 PM on Saturday, Closed Sunday
Monmouth County Residents Only

Location: 3211 Shafto Road, Tinton Falls, NJ 07724

They Accept: Motor oil and other automotive fluids, Household Re-chargable Batteries, Pesticides, Fertilizers, Herbicides, Paints, Solvents, Thinners, Varnishes, Pool Chemicals, Propane Tanks, Oxygen tanks, Fire Extinguishers, Unbroken fluorescent bulbs, Cleaners, Mercury Containing Devices (Thermostats, Thermometers)

(Materials must be in marked containers with original label)

Maximum: 220 lbs. of dry material / 20 gallons of liquid (no container larger than 5 Gallons).

Businesses must contract privately for disposal

BE PART OF THE SOLUTION TO STORMWATER POLLUTION

WHAT IS THE PROBLEM?

Each time it rains, water washes over our streets, driveways, and yards picking up pollutants along the way and flowing into our storm drains. This runoff may contain pollutants such as motor oil, yard clippings, pet waste, litter, lawn chemicals, anti-freeze, or other toxins, which can pollute our water supply as well as clog pipes and culverts which can lead to flooding. Known as “Non-Point Source Pollution”, it is the largest threat to our waterways today. Sometimes pollutants are dumped directly into storm drains by neighbors who don’t know any better. Contrary to popular belief, our storm drains are not connected to treatment systems. Whatever enters the drain is discharged directly, untreated into local waterways!

HOW CAN YOU HELP?

The storm drain inlets on your street are being marked with a colorful marker, with a pollution prevention message. You can help, by using the following tips to prevent pollution:

- Make sure to properly dispose of leftover household chemicals, paints and automotive fluids. These leftover chemicals should never be thrown away. Monmouth County residents should call the Household Hazardous Waste Facility in Tinton Falls at 732-683-8686 to arrange an appointment, to drop off the material free of charge.
- Shop for nonhazardous, biodegradable and phosphorous-free household cleaning products.
- Use fertilizers, pesticides, and herbicides sparingly and follow the manufacturer’s instructions. Use integrated pest management (IPM) methods to minimize chemical use.
- Help keep trash and dirt off the street and out of the gutters. Keep trash cans closed to prevent trash from scattering.
- Clean up after your pets.
- Wash your car at a car wash facility and properly maintain your vehicle to prevent fluid leakage.
- Spread the word about protecting our waterways from polluted runoff.

Yard Waste

All Yard Waste must be placed in reusable containers. NO bags of yard waste, & garden plants will be accepted at the curb.

Except during Loose Leaf Pick-up Seasons

Oct 15, 2012 through Dec 31, 2012

AND ALSO

Loose Leaves will be picked up

By ZONES in the spring during April and May.

Leaf pickup is for **leaves only**.

Do not mix other debris such as trash, limbs, brush, rocks, sticks, flowers, roots or plants in the leaf pile.

Yard Waste consists of leaves, twigs under 6" long and garden plants.

PICK UP SERVICES FOR USABLE GOODS & EYEGLASSES

The following organizations make regular pickups from homes and businesses in Monmouth County. Call to make arrangements for pickup of usable and resalable items. These organizations reserve the right to reject items in poor condition.

Goodwill Industries (entire house contents).....973-481-2300
Salvation Army (furniture pickup only).....609-599-9801
Recirculation Technology Associates.....732-363-0556
Rescue Mission of Trenton.....609-695-1436

New Eyes for the Needy, a non - profit organization, accepts old eyeglasses for distribution to needy recipients in the U.S. and overseas. Glasses are used in two ways: Plastic - framed glasses are shipped overseas and reused. Metal frames are melted down, and the money made on the sale of the metals is used to pay for certificates that buy new glasses for people who need them in the United States. Hearing aids, watches and jewelry also are accepted. Glasses may be mailed to:

New Eyes For The Needy, 549 Millburn Ave., Short Hills, N.J. 07078 Phone (973)-376-4903. Visit neweyesfortheneedy.org

Compact fluorescent light bulbs or CFLs are the new “going green” simple solution. The new bulbs use 75 percent less electricity than incandescent bulbs and last up to 10 times longer. However, there is a big problem with CFLs. The bulbs contain mercury.

The Home Depot Rt. 66 Neptune is pleased to offer free in-store CFL bulb recycling. Just look for the signs and collection units in the store. Recycling of these bulbs will keep them out of our landfills and lessen the potential risks to both our water and air quality.

What Does My Refrigerator Have To Do With Clean Air?

You may discover that you are having difficulty getting rid of that old refrigerator or air conditioner. This is due to regulations implementing the Federal Clean Air Act. These regulations affect, among other things, the disposal of appliances (*such as air conditioners, refrigerators, freezers, and dehumidifiers*) that contain refrigerants. The refrigerants in these appliances often are composed of CFCs (Chlorofluorocarbons - often called by their brand name, **(Freon)** which, when released into the atmosphere, deplete the ozone layer. The regulations call for the recapturing of CFCs during recycling to prevent damage to the atmosphere.

In 2008 Neptune DPW recycled 346 oz. of Freon from old appliances.

You can ask the company where you bought your new appliance to take the old one. Otherwise, call or come into Neptune Township Public Works at 2201 Heck Ave. and set up an appointment to pick up your old appliance; the fee is \$30.00.

**All White Goods (metal appliances) are BANNED
from the Monmouth County Landfill.**

SNOW REMOVAL *HOW CAN YOU HELP?*

When snow is predicted, park your car off the street whenever possible. This makes passage of the snowplows and sanders much easier.

Temporary Parking Prohibition for Snow Plowing and Removal.

- b. During a snow emergency, if off-street parking is available, any vehicle shall not be parked on any street or road, notwithstanding the designation as a snow emergency street in subsection 7-7.3a.

Clear the snow from your sidewalk as soon as possible. This is your responsibility to help ensure a safe passage for children walking to and from school by not forcing them to walk in the roadway.

REMOVAL OF SNOW AND ICE. 13-2.1 Responsibility for Removal; Time.

The tenants of lands abutting or bordering upon the sidewalks of the public streets and highways in the Township shall remove, or cause to be removed, from the sidewalks in front of or bordering on their lands all snow and ice within twelve (12) hours of daylight after the same shall be formed or fall thereon. (Ord. No. 1369 § 1)

When shoveling snow from sidewalks and driveways, place the snow on your lawn to the right of the driveway (**NOT BACK INTO THE STREET**). This prevents the snowplows from plowing the snow back into your driveway.
