

Zoning Permit Application Information Sheet

With each Zoning Permit Application you are required to submit two (2) copies of a current survey/site plan and one (1) set of construction plans. Survey's must show the existing conditions and exact location of physical features including metes and bounds, drainage, waterways, specific utility locations and easements, all drawn to scale. All surveys must be prepared by a land surveyor. Survey information may be transposed to a site plan if the date of the survey and by whom and for whom it was prepared is noted on the site plan. Vegetation, general flood plain determinations or general location of existing utilities, buildings or structures may be shown by an architect, planner, engineer, land surveyor, certified landscape architect or other person acceptable to the reviewing governmental body. On all plans you are responsible for showing the actual shape and dimensions of the lot to be built upon, the exact location, size and height of all existing and proposed structures and substructures (drawn to scale), the number of dwelling units the structure is designed to accommodate, the number and location of off-street parking spaces and off-street loading areas and such other information with regard to the lot and neighboring lots as may be necessary to determine and provide for the enforcement of this Ordinance. Applications requiring a grading plan, plot plan, or as-built surveys shall comply with ordinance section 1010.

Number 1:
