2024 CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means. CAPITAL BUDGET - A plan for all capital expenditures for the current fiscal year. If no Capital Budget is included, check the reason why: Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements. No bond ordinances are planned this year. CAPITAL IMPROVEMENT PROGRAM - A multi-year list of planned capital projects, including the current year. Check appropriate box for number of years covered, including current year: 3 years. (Population under 10,000) 6 years. (Over 10,000 and all county governments) years exceeding minimum time period. Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

TOWNSHIP OF NEPTUNE NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Township Committee and Administration have reviewed the long-range program of Capital Improvement needs throughout Neptune Township, which involved the identification of said needs, prioritizing same and estimating the financial requirements over a prior of at least six years. The review included projects already underway at the present time for which legal appropriations have already been approved, as well as forecasting neeeds based upon input and justifications submitted by our Department Heads and the community.

The Township Committee is intersting in continuing to improve existing infrastructure, including roadway, drainage, and sanitary sewer system improvements. Direct benefits of these projects includes reduced flooding, improved water quality, safer vehicular and pedestrian traffic conditions, economic growth for the community and enhanced recreational opportunities.

The Township focuses upon protecting the safety of our community by investing in various public safety programs and equipment through this capital program.

The Township has positioned itself through capital investment to establish itself as a regional host for shared services with other communities and have seen success in such programs as evidenced in the operating budget.

The Township Committee plans to utilize grant funding, capital lease programs, short-term borrowing, and long term debt issuance as well as potentially local assessments where appropriate, to fund the initiatives outlined herein.

The Township Committee and Administration have prudently evaluated our Capital Program and our borrowing capacity as recognized by four consecutive rating increases from our bond rating companies.
